

# Frito Pie

## Ingredients

2 large cans chili (get the vegetarian kind if you want it that way. I like to pick 2 different kinds to mix just to spice things up)

1 can Rotel tomatoes (tomatoes and green chilis)

1 can kidney beans (I like the dark ones, but doesn't matter)

2 bags Fritos

Shredded cheese if you have it

Onions if you have them (You can buy bags of frozen chopped onions, or make your own and ziplock, slicing onions on the playa is no fun)

## Directions

Open chili and tomatoes, dump into large pot. Open and wash kidney beans (a pain but it will taste chalky if you don't. You can do this ahead of time and freeze them if you want), and add them to the pot.

Heat till hot. Serve over chips, top with cheese and onions if the mood strikes you.

**Yield:** Feeds 6-8 hungry Burners
